27th April 2018

Parents and Carers

Safeguarding information - Whatsapp

As part of our ongoing online safety information sharing, we would like to bring to your attention that 'WhatsApp' have raised the age for a young person to have an account with them from 13 to 16 years old. We recommend that you chat with your child about this.

As WhatsApp is one of many apps that can be downloaded for chat onto your child's mobile phone or tablet, we would also like to advise you of an app that you can download, which will give you lots of information about a wide range of apps such as Facebook, Instagram and Snapchat to name just a few.

This app is called Netaware and is supported by NSPCC in conjunction with O2. This is a very useful and informative app for all parents and carers.

Should you require any further information regarding online safety, then please contact your child's class teacher or Safeguarding in school.

Regards

Miss J Hury
Education Welfare/Safeguarding Officer
